DEKO-P256W

PAIR OF 2.5” FULL RANGE WALL MOUNT PROJECTORS (WHITE)

Nowadays, small to medium-sized installations increasingly require maximum discretion and a refined look, even where the speakers are barely visible. This understanding is behind the creation of the HELVIA Deko-P256 series wall-mounted speakers.

These are high-performance projectors with a 2.5" full-range woofer. Program power is 25W @ 8ohm.

The housing - available in white or black - has a highly stylized design and is made of high-quality plastic. The wall-mounting bracket (included) is vertically adjustable and, since it has a round base, can be mounted by tilting it horizontally as needed. The bracket's structure is also made of high-quality plastic and allows the cable to be hidden, making it completely invisible.

PAIR OF 2.5” FULL RANGE WALL MOUNT PROJECTORS (WHITE)

PRODUCT DETAILS

KEY FEATURES

Stylish design for minimal visual impact
High quality materials
2.5” Full-Range Cone Woofer
25W Program Power @ 8ohm
70V/100V Built-in Line Transformer with 2 Taps and 8ohm function

SPECIFICATIONS

Full-range Wall-mount Sound Projector	
Power (RMS / Program @ 8ohm)	10W / 25W
Woofer	2.5" full range
Frequency Response	150Hz-20kHz
Sensitivity (1W@1m)	84dB
Transformer tapping @ 70V	3W – 1.5W – 25W@8?
Transformer tapping @ 100V	6W - 3W – 25W@8?
Housing	UV-Resistant ABS
Grille	Aluminum Grille
Color	White
Accessories	Wall-mount (included)
Projector Dimension (ØWxH)	96 x 139 mm (3.78 x 5.47 in)
