TWELVE72 PLUS NSE - FLIGHTCASE 2X RANE TWELVE & 1X RANE SEVENTY TWO

The Zomo Flightcase Twelve72 Plus NSE was especially designed for 2x Rane Twelve & 1x Rane Seventy Two as well as a laptop up to 17 inch. The case is extremely robust and protects your controller from dust, scratches and other damages. Zomo NSE Cases are absolutely road- and airworthy. Like all Zomo flightcases of the NSE series, this modern Rane set case is made of especially robust and resistant 9 mm plywood. It promises not only real professional quality, but also knows how to convince visually. The timeless, black design is absolutely stylish and is a real eye-catcher! The outer sides are black laminated and therefore extremely scratch and impact resistant as well as insensitive to abrasion. Extra wide aluminium profiles and the massive ball corners, which are also painted in black, guarantee both stability and longevity.
