S4 MK3 PLUS NSE - FLIGHTCASE NI TRAKTOR KONTROL S4 MK3

The flightcase Zomo S4 MK3 Plus NSE was especially designed for the Native Instruments Traktor Kontrol S4 MK3 and a laptop up to 17 inch. The case is extremely robust and protects your controller from dust, scratches and other damages. Zomo NSE Cases are absolutely road- and airworthy. Like all Zomo flight cases of the NSE series, this modern NI Traktor Kontrol S4 MK3 case is also made of especially robust and resistant 9 mm plywood. It promises not only real professional quality, but also knows how to convince visually. The timeless, black design is absolutely stylish and is a real eye-catcher! The outer sides are black laminated and therefore extremely scratch and impact resistant as well as insensitive to abrasion. Extra wide aluminium profiles and the massive ball corners, which are also painted in black, guarantee both stability and longevity.
