DP-2000

PROFESSIONAL PERCUSSION PAD

NUX DP-2000 is a powerful integrated percussion pad. With its **8 velocity sensitive independent strike pads**, the DP-2000 not only includes the **high standard acoustic drum samples from NUX flagship DM-8 kit**, but it also includes folk percussion and electronic sound samples.

What's more, you can expand your sound library by importing your own drum samples with a U disk. Additionally, the DP-2000 includes inputs for external triggers. Easily add a hi-hat pedal and external kick drum, making the DP-2000 a mini e-drum kit.

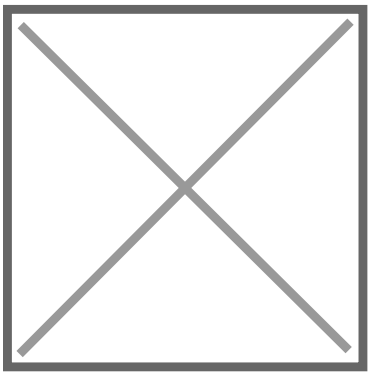
PROFESSIONAL PERCUSSION PAD

HIGHLIGHTS



HIGH QUALITY SOUND LIBRARY

The DP-2000 includes a selection of high quality acoustic drum samples from our flagship **DM-8** and specially prepared percussion and electronic sounds to meet the artistic needs of musicians of different music styles. Further editing parameters enable you to assign and edit the position of each tone, pitch, phase and other detailed parameters.

NEWLY DESIGNED COLOR SCREEN

The DP-2000 sports a newly designed UI interactive interface making for a smooth and positive workflow. These 8 velocity sensitive strike pads all have LED lights, and the brightness changes with dynamic playing and tone length, making for an expressive light show on any darkened stage.

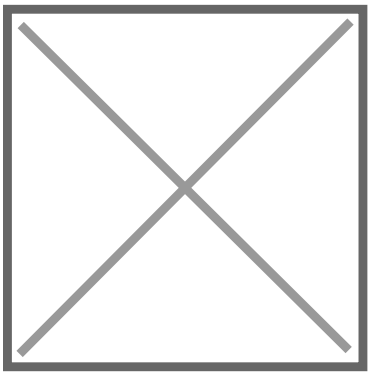
PROFESSIONAL PERCUSSION PAD

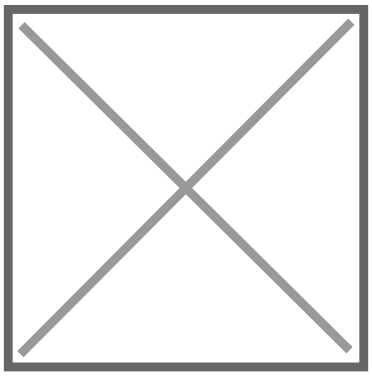


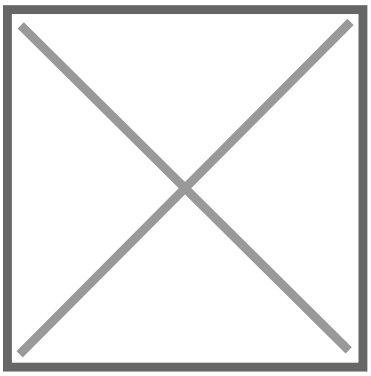
EVEN MORE POSSIBILITIES

The DP-2000 will find its way into your drumming ecosystem, either onstage next to your acoustic drum kit, or use the MIDI In/Out ports make it a secondary drum brain by connecting it to your already existing e-drum kit.

ASSIGNABLE FX

The DP-2000 includes **6 on board effects**, which can be assigned to the percussion pads or as BUS effects via the FX function on the panel.





USB-C PORT: THE BEST AND MOST POWERFUL FRIEND OF DP-2000

Easily expand your sound library for the DP-2000, by making use of the included USB port and a USB drive loaded with your favorite drum and percussion samples. The DP-2000 also supports WAV music playback via USB drive, making it a great performance and practice instrument.
