CD-BAG LARGE PREMIUM - WHITE/DARK GREY

0030102144

This versatile and functional carrying bag is perfect for the mobile DJ. The CD Large Premium is a sturdy CD-bag with a capacity of 236 CDs. There is a special pocket for a laptop up to 15,4“. At the front you can stow away further accessories, like a Serato/Traktor interface or cables. The bag is easily opened with a zipper to access the clearly arranged CDs, which you can browse through like a folder. Upon delivery, you already have the possibility to store a maximum of 236 CDs. There is also room for your special selection of top 24 CDs that can be arranged in an extra panel on the left hand side. Making finding the right track quick and easy! The CD Sleeves are fastened in a sturdy ring binder that has been manufactured to withstand heavy weight and demanding use. Thus ensuring that the clips do not open in the case during transportation or whilst performing. The CD Sleeves can be easily removed and are expandable with the additionally available Zomo CD Large Premium Sleeve. So you can add your own individual amount of CDs - even more CDs than included upon delivery. The practical shoulder strap makes it easy and and comfortable to carry the bag. Because it’s been produced from high-quality nylon material, Zomo promises safety during transportation and a long lifetime. Hint: The bag can can also be used in combination with a Zomo DJ-Trolley because of its connections at the back. Innovative, robust and practical - as always, Zomo converted new ideas successfully!
