P-XDJ-RX2 NSE - FLIGHTCASE PIONEER XDJ-RX2

0030103241

The Zomo P-XDJ-RX2 NSE Flightcase was produced to compliment the Pioneer XDJ-RX2 DJ controller. The Flightcase is another product from the popular Zomo Night Style Edition series that is extremely robust and durable. To avoid any movement of the device and to ensure safe transportation, the case has been designed specifically for the Pioneer XDJ-RX2. The flightcase protects your valuable equipment from scratches and accidental damage and offers not only a pro-quality finish but also delivers a stunning design! Constructed from sturdy 9mm thick plywood, the outer sides are laminated in a black finish, which is extremely scratch and impact resistant making it highly resistant to general abrasion and cigarette burns etc. The extra-wide black finished aluminium profiles and massive ball corners ensure both longevity and a permanently attractive, professional design. With the Zomo Ergonomics Adapter EA-1 you can plug you headphones into the device without any problems while it is inside the case. Sheer genius and totally cool! It's Zomo! ** The illustrated or mentioned devices are not included in delivery. They are available separately in our shop.
