GALA-630FCW

30W 8OHM 6.5" 2-WAY CEILING SPEAKER WITH FRAMELESS GRILLE, WHITE

GALA FW Series offers powerful and accurate coaxial loudspeakers with woofer diameters ranging from 5,25” to 8”, and powers from 20W to 40W RMS. They have a total impedance of 8 ohms and are equipped with crossovers with quality filters to offer a transparent and brilliant sound. They are therefore suitable for any application of music distribution at higher volume levels.

The housing of GALA FCW speakers is made of high-quality ABS. They also feature 0.5” Mylar-dome tweeters, polypropylene enforced woofers, and metal frameless grille with magnets, which give these speakers an elegant and refined look.

Installation is very easy, thanks to the quick mounting system with 4 screws. These screws are hidden behind the grill and offer an elegant and minimalist design. They come in white color but can be painted in any color.

PRODUCT DETAILS

KEY FEATURES

- 2-Way Coaxial Loudspeakers
- Lightweight but Sturdy Frame
- 6.5” PP Woofer
- 0.5” Mylar Dome Tweeter
- 30W RMS Power
- 8-ohm Impedance
- Frameless Metal Grille with Magnets
- Quick-Fit Mounting System
- Angle Coverage: 120°

SPECIFICATIONS

Output RMS Power	30W
LF Transducer	6.5” Woofer
HF Transducer	0.5” Tweeter, Mylar Dome
Impedance	8?
Frequency Range	50Hz – 20kHz
Sensitivity	90dB (1W@1m)
Cutting Ø	192mm (7.55”)
Speaker Size	Ø212.80 x 86.30 mm (Ø8.4” x 3.4”)
