FLIGHTCASE P-DDJ-REV1 PLUS NSE

0030103382

With the P-DDJ-REV1 Plus NSE from Zomo you get a fully equipped flightcase for the Pioneer DDJ-Rev1. Besides the elegant look, the DJ case can also convince with a durable construction. The P-DDJ-REV1 Plus NSE enlarges the appealing NSE series with a new equipment case. To prevent shaking of the DJ controller, the DDJ-Rev1 Equipment Flightcase is equipped with a qualitative inner padding that reliably protects the equipment from bumps, scratches or external damage. Designed for the rough and tumble of everyday touring, Zomo equipment cases are completely capable of road and flight use. Thanks to the sturdy laminated 9mm plywood, the P-DDJ-REV1 Plus NSE equipment case is extremely shock and scratch resistant and therefore armed against abrasion or even cigarette burns. The extra strong, black painted aluminum profiles and solid ball corners ensure an absolutely high durability and set noble and attractive design details. The front bar can be easily and quickly removed before your performance. So you get access to the connections of the DJ controller even if your equipment is still in the DJ case. The Pioneer Flightcase in the night black NSE (Night Style Edition) offers not only professional quality, but also convinces with a noble look - guaranteed an eye-catcher! Ingenious butterfly latches hold the lid firmly and allow easy unlocking and locking. For increased protection against thieves all NSE equipment cases can be locked with an optional lock.
