DJ CONVERTIBLE RECORD BAG (CAPACITY: 45 RECORDS - BLACK/SILVER COLOR)

20103505

This stylish record bag from Technics combines functionality, design and protection at the highest level. It offers three different carrying options: you can use it comfortably as a backpack, carry it over your shoulder, or transport it like a classic suitcase.

With a capacity of up to 45 vinyl records, it offers enough space for your valuable record collection. But that's not all: additional compartments provide storage space for your mobile phone, headphones and other useful DJ accessories. This means you always have everything to hand – whether on the way to a gig or to the studio.

The material of the bag is exceptionally robust and water-repellent, ensuring your records and accessories are optimally protected. Thanks to the tear-resistant workmanship and the high-quality design, this record bag is a long-lasting companion.

You can choose from many different colours – whether classically elegant or strikingly modern. The iconic embroidered Technics logo gives the bag the finishing touch and makes it a real eye-catcher. This bag is an essential accessory for every Technics fan.
