## CD BAG LARGE MK2 - BLACK/ORANGE

The CD Bag Zomo CD Large is the revised MK2 version, that has been improved in quality and is ideal for transporting large numbers of CDs/DVDs in all common recorbags and cases, due to it being nearly the same size as normal 12 inch vinyls. Even with its improved quality, this CD bag offers the same price/performance ratio as its predecessor. It is ready for the toughest clubs situations, because of a new special, washable and even more resilient nylon material that has been used. Sheer genius and totally cool! It's Zomo!
