ORIGINAL TUNER, DAPHNE BLUE

Engineered for players who need a compact, reliable and accurate tuning system, the Fender Original Tuner delivers on all of these criteria—plus a shot of signature style. The powerful vibration-based tuning engine ensures dependable precision, while the bright LCD screen with 360° angle-adjustable swivel is easy-to-read in any performance environment. Featuring Fender color-matched-to-guitar colors, this tuner is a sure-fire Fender lover's favorite.
