VS-BOX 200/2 - WHITE

The VS-Box 200/2 is a practical vinyl storage box from Zomo, which is an inexpensive but shapely and extremely robust way to archive and catalog the beloved 12 inch records. On two levels you have the possibility to organize your vinyl collection. The top floor can be used for favorite records and their quick access. The lower level is suitable for archiving. The Zomo VS-Box 200/2 is made of solid MDF wood and laminated with resistant, water-repellent decor. The model is easy to assemble, stackable and can be combined individually with other VS-Boxes. The box is also suitable for vinyls with sleeves. The capacity may vary depending on the thickness of the records.
