GH-JOINT

ADJUSTABLE HARDWARE KIT WITH 2 LUGS AND 8 PINS TO JOIN GH12 AND GH412

This kit is designed to **join GH12 and GH412 speakers** securely and stably. It includes **2 lugs** and **8 pins**, made of **stainless steel** and finished in **black**, allowing the speakers to be **assembled** in either horizontal or vertical configurations. It's particularly useful for **suspended mounts** or **creating a tower setup**, ensuring a solid connection between the modules.
