GH4-JOINTW

ADJUSTABLE HARDWARE KIT TO JOIN GH4 SPEAKERS (STAINLESS STEEL, WHITE)

Adjustable Joint Kit for GH4 Speakers

The **GH4-JOINT** is a **stainless steel kit** designed to securely and precisely connect multiple **GH4 speakers** in array configurations. Thanks to its **adjustable structure**, it allows for optimal cabinet alignment to achieve customized sound coverage, enhancing system directivity and efficiency.

Ideal for professional installations where **compactness, flexibility, and acoustic performance** are essential. Made from **weather-resistant materials**, it is also perfect for use in challenging or outdoor environments.
