UNIVERSAL SLEEVE FOR 12 OR 13 INCH DEVICES

"The Zomo Universal Sleeve 12-13 inches is an extra thick padded carrying case for the mixer and CD player in 12 or 13 inch format. This carrying case is ideal for consoles such as the Pioneer DJM-900, DJM-800 or DJM-700. Of course, CD players like the CDJ-2000, CDJ-1000, CDJ-900, CDJ-850 and many others fit, too. Just like 12" DJ Mixer and 12" CD Decks and CD Players from Denon, Allen & Heath and many others. The Universal Sleeve by Zomo protects your DJ equipment against damage, scratches, dust optimally. The included shoulder belt makes it perfect for you to carry your stuff easily. The zipper is lockable by an optional padlock. Besides, the bag can also be used as a DJ Mixer-friendly surface. The sleeve can be turned right side up is very simple and your devices are ready for use at any place and on any system, too. The Mixer or CD Player can now be placed onto the foam. Thus, Club Mixer, CD Player or Turntables or DJ Controlle stands stable and is placed not slippery."
