HAMMERTONE DISTORTION STOMPBOX

The sound of rock'n'roll – from light drive to heavy crunch, guitar wouldn't be the same without it.

The Hammertone™ Distortion delivers the legendary distorted tones you need for nearly any style of music. The active 2-band Bass and Treble EQ controls provide modern tone-shaping flexibility, while the pedal board-friendly top-mounted in & out jacks and true bypass footswitch mean it will integrate seamlessly into your rig.
