"H-30 - 19"" RACK COVER PERFORATED"

The solid steel rack panel H-30 by Zomo is the perfect solution, to tune unused parts of your rack. Main function here is to close the front side of your rack and to create a better appearance. Thus, a really must-have for musicians and DJs, who look for order and good optics on stage. This black rack panel of steel gives your rack a real modern and clear contrast. Also an important reason for using this product is the protection against dust and dirt of your rack. This rack panel is 3 HU (Height Units). This perforated steel is the best solution to cool your equipment and protect your rack against dust.
