MC-1000 - PRO MOUNT KIT PMK-3

0030102511

Zomo also offers a wide range of accessories for the MC-1000 midi controller: The Zomo Pro Mount Kit PMK-3 is a stand fitting, which delivers a perfect combination setup of mixer and controller. Any 12-inch mixer like the Pioneer DJM-800 will merge perfectly with the Zomo MC-1000 offering the ultimate DJ Control Center whilst saving valuable space in the DJ booth. The professional PMK-3 stand is also extremely stable and is built to a very high quality standard. The practical PMK-3 mounting bracket allows for convenient and easy operation of the MC-1000 midi controller. Using eight mounting screws (included), the PMK-3 Pro Mount Kit is quick and easy to set up. The Pro Mount Kit Zomo increases the height of the midi controller and positions it right behind the mixer, blending perfectly with the mixer's control surface (e.g. DJM -800) allowing users to create the ultimate DJ performance. The space under the Midi controller offers convenient, hidden routing for the cables etc. Sheer genius and totally cool! It's ZOMO!
