

SG-1

SG-1 PORTABLE PIEZO PICKUP FOR STEEL-STRING GUITAR

Encased in lightweight tonewood, SG-1 is a piezo pickup for guitar that transfers the natural amplified sound of your instrument without requiring modification.

SG-1

Held in place by the tension of tuned strings, SG-1 is an acoustic guitar bridge pickup that installs safely and securely between the saddle and pins. This steel-string guitar pickup may remain installed when not in use.

SG-1 guitar pickup comes two cables. Plug in directly with the 9-ft. 1/8" to 1/4" cable, or use the 3-ft. 1/8" to female 1/4" jumper with safety clip to connect with the instrument cable of your choice..
