ROASTED MAPLE STRATOCASTER® NECK, 22 JUMBO FRETTS, 12", PAU FERRO, FLAT OVAL SHAPE

There's no denying the allure of a roasted maple neck. Resistant to humidity shifts and featuring a gorgeous, dark look, they have more sustain and add a unique note to the instrument's voice.

This genuine Fender Stratocaster neck is crafted at our Ensenada, Mexico manufacturing facility. Featuring a comfortable "Flat Oval"-shaped profile and 12"-radius maple fingerboard with 22 jumbo frets, this neck was designed for pure speed. The synthetic bone nut is pre-slotted with "pilot" grooves for accurate spacing when filing the final string slots. The perfect way to give your Strat® authentic Fender feel, this replacement neck even sports our famous "spaghetti" logo on the headstock.

Because Fender genuine replacement necks have not been mounted to guitar bodies, nut slots must be cut by qualified personnel. Other installation processes may be required, such as fret work, fitting the neck to the neck pocket, and other instrument setup procedures. Your local FMIC Authorized Service Center can install genuine replacement necks; find [Authorized Service Center](#) locations near you in the "Support" section of [fender.com](https://www.fender.com).
