DJM-S3 NSE - FLIGHTCASE PIONEER DJM-S3

The Zomo DJM-S3 NSE is a flightcase for professional DJs and those who like to make music in private and determine the party program. This case is a perfect fit for Pioneer's DJM-S3 mixer. The solid construction of the Zomo Case offers the perfect protection for your DJ equipment while you travel from one gig to the next. The Zomo Case in black NSE design has a practical carrying handle and is quick to close with two high-quality butterfly fasteners. Due to the extremely robust exterior cladding made of high-quality 9mm thick laminated plywood panels, the NSE Cases is extremely stable and insensitive to scratches and other damage. The massive aluminium profiles and ball corners in a cool black lacquered and almost indestructible. This Zomo Flightcase impresses with its breathtaking optics, a real eye-catcher at every event. Simply ingenious and absolutely cool! It's Zomo!
