GEN 4 NOISELESS™ TELECASTER® PICKUPS, SET OF 2

With the all-new Gen 4 Noiseless Telecaster pickups we've achieved the sonic equivalent of cold fusion—authentic vintage-style Fender tone combined with noise-free performance. A quantum leap in pickup technology, these are the pinnacle of our pickup designs, offering crisp, clear cleans as well as gigantic overdriven tones that are bursting with pure rock power.

0992261000

With their tight low end, clearly defined high end and punchy mids that can power through any mix, the Gen 4 Noiseless Telecaster pickups tap into a new world of sonic excellence from Fender.
