HAMMERTONE DELAY STOMPBOX

Delay changes everything.

0234572000

Subtly sweetened leads, clucky country slap back, surfy swells, rhythmic dotted-eighths and huge ambient washes – it's been a defining factor in just about every genre of guitar music. The Hammertone™ Delay provides up to 950ms of crisp and clean delay, lush modulation at the flick of a switch and three different delay types. Analog Dry-Through keeps your tone pure when the effect is on, while the pedal board-friendly top-mounted in & out jacks and true bypass footswitch mean it will integrate seamlessly into your rig.

PRODUCT DETAILS

KEY FEATURES

Fender®-designed Digital Delay Circuit

Top Mount Input/Output Jacks

True-Bypass Switching

Powered by 9-Volt Center Negative AC Adaptor, Not Included

Dimension: 63,5 x 82,5 x 127 mm

Weight: 273 gr (0,6 lbs)
