

UK-2

UK-2 PORTABLE PIEZO PICKUP WITH VOLUME CONTROL FOR UKULELE

With onboard volume control, the versatile UK-2 makes it easy to reproduce the natural sound of your uke without modification. Simply slide this piezo ukulele pickup onto the tie block and retighten the strings.

Perfect for live or studio applications, it's a passive uke pickup that fits most soprano, concert, tenor and baritone ukuleles with a tie block. One of our ukulele pickups designed with a passive piezo system, it is designed to work flawlessly with your favorite acoustic amplifier or preamp.

Two cables are included – plug in directly with the 9-ft. 1/8" to 1/4" cable, or use the 3-ft. 1/8" to female 1/4" jumper with safety clip to connect with the instrument cable of your choice.
