FLIGHTCASE P-CDJ-3000 NSE

0030103350

The Zomo P-CDJ-3000 NSE Flight Case is made to fit the Pioneer CDJ-3000 DJ Media-Player. With the P-CDJ-3000 NSE in the popular NSE Edition Zomo completes the product range with an additional equipment case. Beside the modern optic the Equipment Case can convince with its robust construction. To protect the DJ media player from defects, scratches or other damages the CDJ-3000 DJ Case is equipped with an excellent internal padding. Zomo Equipment Flightcases are road- and airworthy and easily cope with hardest stage-everyday life. Thanks to the thick laminated 9mm plywood the P-CDJ-3000 NSE DJ Case is very scratch- and shock-resistant and therefore resistant against abrasion and cigarette burns. The extra wide, black lacquered aluminum profiles and very solid ball corners guarantee a very high durability and set beautiful and noble design accents. The helpful butterfly latches allow an easy opening and closing and guarantee an extremely strong hold of the cover. All NSE flight cases are also lockable with an optional padlock and the dark, black NSE Edition with its elegant design is a real eye-catcher!
