SOPRAN CLASSIC TYPE RECORDER - GERMAN FINGERING

Angel Recorder Classic Type is designed to have rich sound and accurate pitch for optimal performance. Its pitch is well-balanced ranging from low-to high-pitch. Its models are as various as from bass to soprano so that both solo and ensamble performance may be available. In addition, the instruments is manifactured for the optimum volume and tone using a special material called Resin. DMD (Detailed a Mold Develop) system is applied to achieve the correct pitch, which are praised from many performance.
