XDJ-700 NSE - FLIGHTCASE 2X PIONEER XDJ-700

The Zomo XDJ-700 NSE is the perfect solution for transporting a pair of Pioneer XDJ-700 and protect them from damage and unauthorized use. The flightcase protects the valuable mixer from scratches or other negative influences. Compared to other flightcase manufacturers, Zomo emphasizes the quality of the used materials above all else, therefore the cases are nearly indestructible. Especially the extra strong and high quality 9mm plywood and the extra big profiles with very resistant ball corners are worth mentioning. The stylish, modern black (NSE = NIGHT STYLE EDITION) design completes the concept optically. Sheer genius and totally cool. It’s ZOMO!
