

MINI SCF NCH-5

MINI SUPER CHORUS STOMPBOX (CHORUS, FLANGER, PITCH MODULATION)

The mini SCF (Super Chorus, Flanger & Pitch Modulation) tributes to TC Electronic's **Stereo Chorus Flanger**, one of the best modulation pedals ever made since 1976.

NUX's modern-tech DSP yields a perfect combination of both worlds: analog and digital. To achieve all of the objectives, our engineers had to develop an algorithm that mimics the principles of BBD chips - the key component of Analog Chorus effects.
