

ROCKN NYLON TIP AMERICAN CLASSIC® HICKORY DRUMSTICKS

The American Classic® line combines tradition and Vic Firth style. With bold designs for fuller sound, the Classics are turned from select hickory – a dense wood with little flex for a more pronounced sound. Hickory is also capable of withstanding a great deal of shock, making it highly durable. For durability and the brightest cymbal sounds, nylon tips are the answer. The American Classic® nylon tip models mirror their wood tip counterparts, so drummers can switch from the richness of a wood tip to the brilliance of nylon without sacrificing feel and balance. And with Vic Firth's new "tip locking" manufacturing process, they won't chip or fly off - guaranteed!
