P-DDJ1000 NSE - FLIGHTCASE PIONEER DDJ-1000

The Zomo Flightcase P-DDJ1000 NSE was especially designed for the Pioneer DDJ-1000. The case is extremely robust and protects your controller from dust, scratches and other damage. Zomo NSE Cases are absolutely road and airworthy. Like all Zomo Flightcases of the NSE series, this modern DDJ 1000 case is made of especially robust and resistant 9 mm plywood. It promises not only real professional quality, but is also visually convincing. The timeless, black design is absolutely stylish and represents a real eye-catcher! The outer sides are black laminated and therefore extremely scratch and impact resistant as well as insensitive to abrasion. Extra wide aluminium profiles and the solid ball corners, which are also painted in black, guarantee both stability and durability.
