P-DDJ-SB PLUS NSE - FLIGHTCASE PIONEER DDJ-SB

0030102980

The Zomo Flightcase P-DDJ-SB Plus NSE (NSE = NIGHT STYLE EDITION) is ideally suitable and developed for the Pioneer MIDI-Controller DDJ-SB. The case is very sturdy and protects the Pioneer DDJ-SB against dust, dirt, scratches and accidental damage, so it's ideal for life on the road. Made of 9 mm plywood, the Zomo D-DDJ-SB Plus NSE promises not only true professional quality but also a stunning appearance. The timeless black design is stylish and a real eye catcher! The outer faces are laminated in a black finish, which is extremely scratch and impact resistant making it highly resistant to general abrasion and cigarette burns etc. Solid ball edges and extra-wide aluminum profiles coated in black ensure extra stability and longevity. In addition there is an extra notebook shelf included for your notebook, your mouse and any other devices like an effect processor or an interface. The board can be pushed or pulled easily as it is movable on rails. You can transport your notebook safe and secure by using the hook-and-loop fasteners to fix it on the shelf. With this Flightcase you can not only transport your complete set up easily but also start to control your devices immediately. This Case provides real professional quality and is good looking in modern black NSE style! Sheer genius and totally cool! It's Zomo! ** The illustrated or mentioned devices are not included. Those are available separately in our shop.
