MFC-30 BLACK

The Zomo MFC series is a new development, from high-quality and nevertheless inexpensive universal DJ controller flightcases, suitable for a multiplicity of controllers from considerable manufacturers. In a noble, deep black design the flightcase can convince with an elegant look. The flightcase is equipped with a multitude of practical features and details. The rounded corners cushion shocks and vibrations and offer ideal protection for your dj controller. Inside the flightcase, the protective pads provided provide the DJ equipment with an ideal hold. Slipping during transport is thus reliably prevented. The removable lid is padded with foam so that your equipment is also protected from above. The snap locks and the comfortable carrying handle facilitate the transport of the controller on your travels from gig to gig.
