

JUKEY32-BUNDLE

MINI SIZE KEYBOARD 32 KEYS BUNDLE WITH BAG AND PSU

JUKEY-32 is a compact keyboard with 32 mini-size keys designed especially for children who, in addition to having fun with this instrument, are starting to take their first steps in learning music.

This keyboard is equipped with some functions such as REC and PLAY normally found in larger keyboards. Thanks to the wide range of sounds, rhythms and songs that this keyboard offers, you can have fun spanning various musical genres.

The compactness and the possibility of battery operation make this keyboard an instrument geared to use at school.

This bundle comes **with carrying bag and power supplier** for ease of use and carrying in all situations.
