LR14 HALFTONE ALKALINE BATTERY - 2PCS BLISTER PACK

HIGHLIGHTS

PRODUCT DETAILS

KEY FEATURES

- High power for power-intensive devices: specifically designed to ensure optimal performance in power-intensive devices.
- 10-year power storage guarantee: long storage life without significant capacity loss, ideal for sporadic or long-term use.
- Certified German quality: produced in Germany according to strict industry standards, with internationally recognized VARTA quality.
- Premium packaging with a modern, elegant and professional design with a metallic finish.

SPECIFICATIONS

Dimension	C
IEC Reference	LR14
VARTA Type	04914
Diameter Ø	26.2 mm
Height	50 mm
Weight	65.8 g
Chemistry system	Orimary Alkaline Manganese
Tension	1.5 V
