VCI-400 PLUS NSE - FLIGHTCASE VESTAX VCI-400

The Zomo Flightcase VCI-400 Plus NSE (NSE = NIGHT STYLE EDITION) is exactly suitable and developed for the Vestax VCI-400 MIDI Controller. In addition, there is an extra notebook shelf included for your notebook and your mouse. The board is movable on rails, so you can easily push or pull it. You can transport your notebook safe and secure by using the hook-and-loop fasteners to fix it on the shelf. Each NSE Case is made of 9 mm plywood, which perdures that the flightcase looks great for a long time. The extra-wide aluminum profiles and the solid ball edges, which are coated in black, stabilize the Zomo Flightcase, too. The surface of the case is very resistant to abrasion and cigarette burns. The Zomo Flightcase VCI-400 Plus NSE is extremely robust and protects the Vestax VCI-400 MIDI Controller against scratches, dust and other damages. This Zomo Equipment Case provides real professional quality and is good looking in modern black NSE style! Sheer genius and totally cool! It's Zomo! ** The illustrated or mentioned devices are not included. Those are available separately in our shop.
