## **P-DDJ-SX3 PLUS NSE - FLIGHTCASE PIONEER DDJ-SX3**

The Zomo Flightcase P-DDJ-SX3 Plus NSE is especially designed for the Pioneer MIDI-Controller DDJ-SX3. Furthermore the Zomo P-DDJ-SX3 Plus NSE has an extra wide laptop tray, which offers enough space for a laptop of any size, a mouse or many other useful devices like e.g. an effect device or another controller. The tray is placed above the MIDI controller with a slider. It can be moved quickly and easily to any desired position. To ensure a safe transport of the laptop, the DDJ SX3 Case has two straps which can be closed with Velcro fasteners and with which your computer can be fixed quickly and easily. In this flightcase you can easily and compactly transport a complete setup and put it into operation on site. All Zomo Flightcases of the NSE series are made of especially robust and resistant 9 mm plywood. With the stylish black design the Zomo Flightcase P-DDJ-SX3 Plus NSE (NSE = NIGHT STYLE EDITION) also convinces optically. The outer sides are black laminated and therefore extremely scratch and impact resistant. The surface of the outside is also resistant to abrasion and cigarette burns. The extra wide aluminium profiles and the solid ball corners are also painted in black. This guarantees both longevity and a permanently attractive, professional design. Zomo NSE Cases are absolutely road and airworthy.
