

LIGHTBLASTER L720

STROBE AND WASH LED BAR

The **LIGHTBLASTER L720** stands as a sophisticated LED strobe and wash light meticulously crafted for indoor applications, where power, safety, and versatility converge seamlessly. Elevating the illumination experience, this lighting marvel is purposefully designed to meet the exacting demands of contemporary settings.

At the heart of the **LIGHTBLASTER L720** lies a cutting-edge light source comprising 480pcs RGB LED 3in1 and 240pcs White LED elements. Remarkably, the emission surface is artfully divided into 40+20 independent zones, showcasing a commitment to precision and control. The discerning user can exercise unparalleled authority by manipulating individual colors in each zone through DMX, or opt for simplified channel configurations for fundamental strobe and wash applications.

What sets the **LIGHTBLASTER L720** apart is its unparalleled versatility. Offering a spectrum of possibilities, users can effortlessly tailor the lighting experience to their specific needs. Whether it's the nuanced control of colors through DMX or the streamlined simplicity of basic strobe and wash applications, this lighting fixture adapts with finesse.

In conclusion, the **LIGHTBLASTER L720** is a testament to innovation and excellence in the realm of LED lighting. Its meticulous design, technical prowess, and adaptability make it a formidable choice for those seeking to elevate their indoor lighting experience. Immerse yourself in a world where brilliance meets subtlety, courtesy of the **LIGHTBLASTER L720**.

LIGHTBLASTER L720 STROBE AND WAS LED BAR

HIGHLIGHTS

IDEAL ENVIRONMENTS:

Tailored for indoor settings that demand not just brilliance but also serenity, the LIGHTBLASTER L720 finds its natural habitat in theaters, houses of worship, and live stages characterized by the gentle cadence of soft music. Its whisper-quiet operation ensures that it seamlessly integrates into these environments, enhancing the visual ambiance without intruding on the auditory experience.

PERFORMANCE EXCELLENCE:

The **LIGHTBLASTER L720** transcends mere functionality, delivering a performance that exceeds expectations. Immerse yourself in its radiant glow, as it effortlessly navigates through a spectrum of colors with unmatched precision. The lighting experience is not just a technical marvel but a visual symphony, where each zone contributes harmoniously to create a captivating display.

LIGHTBLASTER L720 STROBE AND WAS LED BAR

PRECISION WITHOUT BOUNDS:

The precision with which the **LIGHTBLASTER L720** navigates through the spectrum of strobes is unparalleled. Advanced technology enables a seamless and flawless transition between colors and effects, creating a visual spectacle that exceeds expectations. Whether used in theatrical settings, places of worship, or live stages, precision is the key to an engaging strobe performance.
