70TH ANNIVERSARY PICK TIN (12)

For 70 years the Stratocaster has been a beacon for players who see some of their own rebellious spirit in this revolutionary guitar. Once viewed as unconventional, the Strat is now ubiquitous – a testament to its perpetual innovation, incredible versatility and visionary design.

0198351070

Celebrate the 70th Anniversary of this beloved instrument with the 70th Anniversary Pick Tin. Stamped with the original logo dies used in the 1950's on the first Fender® guitar picks, this pick tin contains 12 medium celluloid picks in classic tortoiseshell. Celluloid is a premier pick material and has been the cornerstone of the Fender pick collection for decades. Celluloid picks give the traditional feel and a warm, round musical tone. The traditional 351 shape, Fender's most popular pick design, is a perfect accessory for players of versatile styles and techniques. Pay tribute to the iconic 1954 Stratocaster® with this collector's tin.
