FLIGHTCASE SL-12 XT | TECHNICS SL-1200 / SL-1210 - BLACK

"The Zomo SL-12 XT turntablecase is the perfect transport and storage case for all Technics SL-12xx Turntables and all other turntables with similar dimensions like for example Reloop, Omnitronic, JB-Systems. ... The case is especially made for this kind of turntables by the once more improved foam and is giving the turntables enough footing and a comfortable ""crush zone"" even if the transport is more harder. In this turntalbecase your turntable is always in ""good hands"". The case is lockable via additional padlocks and is easy to transport by the comfortable handle. Sheer genius and totally cool! It´s Zomo!"
