PURA TWO - WHITE

The Zomo Pura Two is an elegant, puristic phono furniture with space for one turntable and 40 pieces of 12 inch records or LPs . The phono shelf is completely made of matt, powder coated metal. The storage space for the record player is made of real glass and slightly tinted. This fancy storage table for your turntable fits perfectly to the Zomo VS-Rack record racks and is the highlight in every modern living room or studio. The Phono-Table Zomo Pura Two has in addition to the Pura One a second level where for example an amplifier or a Phono-Pre-Amp as well as headphones or other accessories can be placed. The second level is also made of glass and adapted to the design, slightly tinted. The furniture of the Pura series is extremely stable and despite the puristic design very functional.
