

SGBX10-0008

8 INPUTS 15 METERS PROFESSIONAL STAGE BOX

STAGEBOX SGBX10-0008 15 MT is a professional stage box featuring 8 XLR 3 pole female sockets input. Built in epoxy finished aluminium box, features small dimension and weight thanks to its professional printed circuit and integrated handle. Hi quality XLR connectors Yongsheng by Neutrik® and cable mount connections protected with PVC jackets, ensures high quality connections and signal transmission. Independent earth plugs consist an additional construction advantage.
