

SD-150MP

14 X 5,5 - 9 PLYS MAPLE SNARE

The drums in our Batterie Maple line have been through some changes recently. By experimenting with different crafting techniques, Peace has developed an unique process for cutting bearing edges and snarebeds. These new properties combine to draw all of the finest sonic qualities from the Maple shell, and create unparalleled depth and sensitivity in snare tone. Every element from the snare strainers to the improved lug designs has been scrutinized and perfected to meet our new standards, all of which you will hear when you let these drums do the talking.
