

DDJ-FLX4

2-CHANNEL DJ CONTROLLER FOR MULTIPLE DJ APPLICATIONS

The DDJ-FLX4 is a 2-channel controller with a simple, user-friendly design and a professional feel.

You can use the DJ software rekordbox or Serato DJ Lite for free by connecting your PC/Mac to the DDJ-FLX4 to complete your DJ setup.

Whether you want to connect to a PC, Mac, iPhone, iPad, or an Android phone or tablet, the DDJ-FLX4 is versatile in its design. Don't know how to mix? Don't worry, you can get started right away with the Smart Fader feature, which automatically adjusts the volume, bass volume, and BPM of the music so you can smoothly transition from one track to the next by simply moving the channel faders or crossfader.

HIGHLIGHTS

MULTI-DEVICE SUPPORT

Whether you want to connect to a PC, Mac, iPhone, iPad, or an Android phone or tablet, the DDJ-FLX4 is versatile in its design. Even better, if you use the controller with rekordbox for iOS/Android when the update becomes available in early 2023, you'll be able to connect to your device via Bluetooth® or USB cable. So, there's nothing to hold you back from giving DJing a try.

USER- FRIENDLY PORTABLE DESIGN AND PROFESSIONAL LAYOUT

The layout of the controls on the DDJ-FLX4 makes it easy to learn to DJ and is inherited from professional Pioneer DJ products. Everything is simple to use and neatly arranged, which also makes the controller compact enough to take anywhere you want to practice or perform.

BRAND-NEW SMART MIXING FEATURES

Don't know how to mix? Don't worry, you can get started right away with the Smart Fader feature, which automatically adjusts the volume, bass volume, and BPM of the music so you can smoothly transition from one track to the next by simply moving the channel faders or crossfader. Plus, with Smart CFX, you can simply turn a knob to apply a combination of effects that will add drama to the sound.

SEAMLESS INTEGRATION WITH SELECTED STREAMING SERVICES

rekordbox is compatible with a choice of streaming services. So, you can choose from millions of tracks available on the TIDAL, Beatport Streaming, Beatsource Streaming, and SoundCloud Go+ platforms (subscriptions required) and mix them together on the DDJ-FLX4. You can also use all the effects and performance features to spice up your favorite songs and create your own sound.

(Please check each streaming service website for available countries.)

2-CHANNEL DJ CONTROLLER FOR MULTIPLE DJ APPLICATIONS

USB AUDIO OUTPUT FOR MICROPHONE SOUND

The DDJ-FLX4 makes it simple if you're keen to MC or sing over the top of your sets because it mixes the audio for you. So, you can connect the controller to a single device and hear the sound of your mix together with the sound from the microphone as long as you don't have a Bluetooth® device connected. This also makes the DDJ-FLX4 an ideal choice if you'd like to live-stream your sets because you can do it all from one device.
