RACK 104 NSE

"The Zomo Rack 104 19"" is an extremely stable rack case for 19"" machines with enough space for devices with a total of up to 12 height units. Vertically, either 4 1U units or 2 units with 2U can be installed - e.g. a double CD player drive or an amplifier. In the horizontal, which runs somewhat diagonally for a better overview, there is space for devices up to 10U. The practical door at the back provides quick and easy access to all cable connections and configurations. All around a very stable and compact housing especially for use in mobile discotheques."
