With the Flightcase P-DDJ-REV5 Plus NSE from Zomo, you get a suitable flight case for the **Pioneer DJ DDJ-REV5**. The Flightcase P-DDJ-REV5 Plus NSE expands the popular **NSE Series (Night Style Edition)** with another equipment case. The stylish equipment case is not only **extremely stable** but also withstands any tour use effortlessly.

Thanks to the particularly strong and black lacquered aluminum profiles as well as the **extra sturdy ball corners**, the Zomo flight case offers **high stability**. To protect the controller from **shocks, scratches, or adverse effects**, the DDJ-REV5 equipment case is equipped with a **quality interior padding**.

The Pioneer DJ equipment case in the dark, black NSE edition not only offers professional quality but also impresses with a **noble appearance** - definitely an eye-catcher! For a **secure fit** of the cover and easy opening and locking, the **high-quality butterfly latches** ensure. Additionally, all NSE equipment cases can be locked with an **optional** lock for higher protection.

The **solidly crafted, laminated 9mm plywood** makes the Flightcase P-DDJ-REV5 Plus NSE DJ Case particularly resistant to shocks and scratches. To ensure your precious DJ gear is protected from the roughest stage use, the Zomo DJ cases are exceptionally tour-friendly.

Even **while your DJ gear** is still in the **DJ case**, the front panel can be quickly and easily removed during your gig.
