BEATKIT

DRUM MICROPHONE SET

HIGHLIGHTS

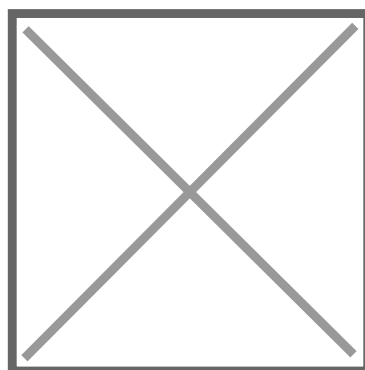

DTP 340 REX TWO POWERFUL BASS DRUM SOUNDS IN ONE MIC.

The DTP 340 REX is a dynamic drum microphone designed to accurately capture the sound of your kick. Switch between two sounds for more flexibility in the studio and onstage—detailed and powerful.

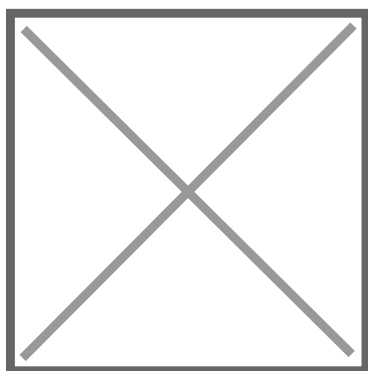

MTP 440 DM – SNARE DRUM MICROPHONE PUNCHY SOUND FOR YOUR SNARE.

The MTP 440 DM is a dynamic snare microphone perfect for getting a punchy snare sound. It earned high praise by being the favorite snare mic of the extraordinary session and live drummer Kenny Aronoff (Paul McCartney, Lady Gaga, Pharell Williams, etc.).

DRUM MICROPHONE SET

LCT 040 MATCH STEREO PAIR - OVERHEADS IN PERFECT STEREO WITH WELL-BALANCED SOUND.

These perfectly matched small diaphragm condenser microphones provide well-balanced sound with a pleasant high-end: quick results, no hassle. The LCT 040 MATCH delivers an excellent transient response so the natural characteristics of your hi-hat, cymbals, and snare drum are captured accurately. They are also lightweight and compact to make positioning an easy task.
