SC-2900 NSE - FLIGHTCASE DENON SC-2900

The Zomo SC-2900 NSE is a flightcase for professional DJs and those who like to make music in private and determine the party program. This case was made to fit the Denon SC-2900. The solid construction of the Zomo SC-2900 NSE offers the perfect protection for your DJ equipment while you travel from one gig to the next. The Zomo Case in black NSE design has a practical carrying handle and can be quickly closed with two high-quality butterfly catches. Due to the extremely robust outer cladding made of high-quality 9mm thick laminated plywood panels, the NSE Cases are extremely stable and insensitive to scratches and other damage. The solid aluminium profiles and ball corners in a cool black lacquered and almost indestructible. This Zomo Flightcase SC-2900 NSE captivates by its breathtaking optics, a real eye-catcher on every event. The devices shown or mentioned are not included in the scope of delivery. These are available separately in our shop.
