

FT 7045

FRONTAL LOAD TOWER 6.72 M. 450 KG. BLACK

Front load lifting tower with a maximum height of 6,724 meters.

Able to lift up to 450 Kg in its normal mode and 515 Kg in its structural model. Its Dynamic Overlap system evens the stresses across all the aluminum profiles, improving their resistance and reducing deflexion.

FRONTAL LOAD TOWER 6.72 M. 450 KG. BLACK

PRODUCT DETAILS

KEY FEATURES

Maximum Load 450kg/992.1lb

Folded Height 1.905m/6.25ft

Maximum Height 6.724m

Weight 171kg./377lb.

SPECIFICATIONS

Material	Aluminum and steel
Folded Height	1,905 m
Extended base dimensions	2,6 x 1,9 m
Folded base dimensions	0,66 x 0,55 m
Maximum height	6,724 m
Minimum carriage height	0,235 m
Unfolded base diameter	2,820 m
Distance between front legs	2.6 m
Distance between hind legs	1,7 m
Loading arms (m)	0,58 m
No. of sections	5
Max load (structure mode)	515 Kg
Max load (mechanism mode)	450 Kg

FT 7045

FRONTAL LOAD TOWER 6.72 M. 450 KG. BLACK

Winch	900 Kg
Cable diameter	6 mm
Compatible accessories	ATF1DS / ATF16PA / ATF17PAM
Security systems	Self locking safety pins
Standards and Certifications	CE, DGUV
Weight	171 Kg
Maximum fork width (m)	0,42 m
Product	0.66mt x0.55mt x1.91mt
weight product	171 Kg.
pack	0.66mt x0.55mt x1.91mt
weight pack	171 Kg.
