## DETROIT 120 - WHITE

The Zomo Deck Stand Detroit is a special table for every DJ, who is a lot on the move, because it can be assembled and disassembled with its unique folding mechanism within a very short time. No tools are needed for assembly and disassembly and it can be set up by just one person without any problems. When set up, the table offers enough space for your DJ equipment and is also very stable and resilient. After your performance, the table is quickly folded up again and can be easily stored in the car or cellar thanks to its extremely small dimensions. The Zomo Detroit is also suited as a mobile counter or for many other purposes. It is made of solid steel, but still easy to carry by one person. The perfect table for the travelling DJ who is looking for a professional desk for performances, events or clubs.
