FLIGHTBAG DDJ-FLX6

The Zomo Flightbag is specially designed for the Pioneer DDJ-FLX6 and offers optimal protection and a generous equipment. The combination of DJ bag and flightcase offers you practical advantages such as a comfortable shoulder strap, which is adjustable in length or the functional outer pockets, which offer plenty of space for all kinds of accessories (such as cell phones, chargers, etc.) but also the stability of a flightcase. A very sturdy metal frame offers the Pioneer DDJ-FLX6 DJ controller enough protection and ensures that the bag always stays in shape and a long life is guaranteed. Zomo FlightBags are an optimal addition for your valuable equipment and always ensure a successful appearance. The Pioneer DJ controller is safely embedded in the Zomo FlightBag DDJ-FLX6 and protected from damage and scratches by the neatly processed interior padding. The additional compartment for the laptop and three outside pockets provide plenty of extra storage space for cables, CDs, external sound cards or other accessories.
